

# MISSION FOR MOVEMENT

A PARKINSON'S INITIATIVE

## Who we are

We are a group of Parkinson's disease community leaders working to improve connections, resources, events, and advocacy opportunities statewide.

## Why we exist

Our primary mission is to connect with all state and national Parkinson's organizations, ensuring that support group leaders have equitable access to the same resources, events, classes, and ongoing support in the Parkinson's community. We work to ensure each group leader has the tools to offer our Parkinson's community what they actually need to improve their daily lives, and we will shift focus accordingly as those needs are met.

## Why it matters to your health

Our long-term goal is to become a one-stop shop for Louisiana, with unified resources. To help achieve this, we need people from all areas of the state to contribute their experience, connections, knowledge, and desires for the Parkinson's community.

You can help us by going to our website, which currently covers the Greater Baton Rouge area.

## JOIN US!

We meet the first Friday of each month at Bluebonnet Library in Baton Rouge from 9:30 a.m. to 11:00 a.m.

Get on our email list to receive meeting announcements and a Zoom link to our meetings.
